

MADHURAM DONAWAT

Computer Science Student and Aspiring Software Developer

+91 9174531909 madhuramdonawat@gmail.com <https://www.linkedin.com/in/madhuramdonawat> Dewas, India

EXPERIENCE

Vocabo

Personal / Academic Project

- Developed an interactive vocabulary learning platform that helps users learn, practice, and improve English vocabulary through personalized exercises.
- Integrated AI/LLM-based features to generate contextual examples, explanations, and personalized learning content based on user performance.
- Implemented a full-stack web application with user progress tracking, quizzes, vocabulary management, and an engaging learning interface.

Citizen Ai

Personal / Academic Project

- Developed an AI-powered citizen assistance platform to help users access relevant information and services through a conversational interface.
- Integrated AI/LLM capabilities to understand citizen queries and provide contextual, easy-to-understand responses.
- Designed a full-stack web application with an intuitive interface for citizen interaction, information retrieval, and service support.

EDUCATION

B.Tech in Computer Science & Engineering

Mahakal Institute of Technology
08/2023–05/2027 · Ujjain, India

Senior Secondary (Class XII)

Padmaja Higher Secondary School
04/2021–03/2022 · Dewas, India

Secondary (Class X)

Padmaja Higher Secondary School
04/2019–03/2020 · Dewas, India

PROJECTS

Citizen Ai

- Developed an AI-powered citizen assistance platform to help users access relevant information and services through a conversational interface.
- Integrated AI/LLM capabilities to understand citizen queries and provide contextual, easy-to-understand responses.
- Designed a full-stack web application with an intuitive interface for citizen interaction, information retrieval, and service support.

SUMMARY

Final-year Computer Science student seeking an entry-level software developer role to apply strong programming fundamentals and problem-solving skills in a real-world engineering environment.

SKILLS

Languages and Web Technologies

Python C C++ JavaScript

SQL HTML CSS

Tools

Git/GitHub VS Code MySQL

Concepts

Data Structures OOP DBMS

AI / ML

Generative AI Agentic AI

RAG Models LLM Integration
